Subject: Please Read Unauthorized use of artwork by GREEN DAY Los Angeles Forum #490

Hello

My name is Dereck Seltzer and I am a Los Angeles based Illustrator I am writing in concern to the improper and unlicensed use of one of my images by the band Green day. On 8/25/2009 what appears to be a forty foot tall reproduction of one of my drawings appeared onstage behind the band while they played their set at the Los Angeles forum. I was never contacted about the use of my material, nor was permission given or sanctioned for the use of my images for the band.

I have attached photos from the show which verify the use of the image, as well as a link to my website where you can see photos of installations done using the same image (for the film Sympathy for Delicious) as well as other material which predates the show by over five years.

I would greatly appreciate the information for the bands manager or record label so that I may directly contact who ever is in charge of their stage show and work out a resolution to this issue. I am a tremendous fan of the band and was shocked to see my work on stage with them, and would like to know how they acquired the image and if it was used beyond that one night as I received no credit for the use of my work.

Thank you for your time

Dereck Seltzer
